

PRESS RELEASE

Regulated information

11 August 2011 – Release at 6 pm

Financial report for the first half of 2011

Half-year data:

Sales of EUR 82.5 million compared with EUR 62.8 million in 2010.

Profit from operations of EUR 2.7 million compared with loss from operations of EUR 1.0 million in 2010.

Net profit of EUR 2.2 million compared with net loss of EUR 1.6 million in 2010.

2nd quarter data:

Sales of EUR 39.3 million (EUR 30.6 million in Q2 2010)

Profit from operations of EUR 1.4 million compared with loss from operations of EUR 0.9 million in Q2 2010.

Net profit of EUR 1.2 million compared with net loss of EUR 0.8 million in Q2 2010.

Order book of EUR 72 million at end of Q2 2011 (EUR 73 million end-Q1 2011).

Management discussion and analysis of the results

Connect Group NV (Euronext Brussels: CONN) announces for the first half of 2011 sales of EUR 82.5 million and a profit from operations of EUR 2.7 million. In the comparable period of 2010 sales were 31 percent lower and there was a loss from operations of EUR 1 million. As already reported in 2010, sales and results in the first half of 2010 were significantly affected by shortages of components in the market, resulting in lagging sales and production inefficiencies with a corresponding weakening of results. In the second half of 2010, sales stabilized back to normal level (EUR 70.0 million), whilst in the first half of 2011 the company caught up with the backlog to achieve record sales of EUR 82.5 million.

During the first half of 2011, additional provisions of EUR 1.7 million were recorded in respect of client problems from the past. Although it is not yet certain that the claims against these clients are permanently lost, management believes the solutions presented by these clients in recent months to be insufficient and has therefore recorded a provision in the books in the full amount of the estimated risk. At the end of 2010 only 50 percent of the risk as estimated at the time was recorded. The total amount of the provision at the end of June 2011 therefore amounts to EUR 3.3 million.

Without this extraordinary charge the operating profit for the first half would have been EUR 4.4 million, with a net profit of EUR 3.9 million.

The net decrease in financial expenses is attributable to the translation differences. EUR 23k of translation gains were recorded in H1 2011, as against net translation losses of EUR 784k in the first half of 2010. This is due to the changes in the exchange rates of the Czech Koruna, Romanian Lei and the U.S. Dollar.

The company won a tax dispute dating back to 2007, making a tax provision of EUR 310k redundant.

The order book at the end of the second quarter amounted to EUR 72.0 million, compared with EUR 71.2 million at the end of 2010.

The risk assessment can be found in the Annual Report and is available on the Internet (www.connectgroup.com).

The following represent the major risks for the company at present:

1. Given its subcontractor status, the group is dependent on the success of its customers. If customers' products are not successful on the market, this has a knock-on effect on the group.
2. Unavailability of components can result in sales delays. External factors, such as the tsunami in Japan, may affect the availability of components.
3. Currency Risk:
 - The group buys a number of its components in dollars/yen. The accompanying exchange rate risk is only partially covered in the selling price.
 - With production taking place partly in Romania and the Czech Republic, any major fluctuations of these currencies against the Euro can impact costs.
 - Since foreign currency requirements cannot be accurately timed, the group does not cover its foreign currency positions.
4. The group has a credit agreement with its bankers. Should the group fail to meet the imposed credit conditions, the bankers may either terminate the credit agreement or tighten the lending conditions.

No significant events have occurred after the balance sheet date.

Significant events in first half-year 2011

Following the publication of the annual results for 2010 at the end of March 2011, all Connect Group bondholders who subscribed to the convertible subordinated loan of EUR 5 million in April 2010, decided to convert their bonds into shares. Consequently, the Connect Group's equity increased by EUR 5 million and its financial debt decreased by EUR 5 million. This conversion resulted in the issuance of 3,355,600 new shares with the same rights as existing shares, bringing the total number of issued shares to 10,290,024. This conversion was carried out on 5 May 2011.

As a result of this conversion the shareholders' structure is as follows:

Shareholder name	Number declared	%
Huub Baren BVBA	2,166,155	21.05 %
QuaeroQ cvba	2,120,781	20.61 %
LRM NV	1,870,786	18.18 %
Luc Switten	426,369	4.14 %
Other below the reporting threshold	3,705,933	36.02 %
Total	10,290,024	100 %

As part of this change in shareholder structure, Connect Group NV announced on 8 July 2011 that it wished to expand the Board of Directors with three new directors. These appointments were approved at an Extraordinary General Meeting, held on 8 August 2011, as follows:

- Adprimum bvba, permanently represented by Robert Van Hoofstat;
- Mentofactoring bvba, permanently represented by Willy Hendrickx; and
- Peter Watteeuw.

These appointments will expire at the Annual General Meeting of 28 April 2015.

1. Connect Group: Half year results 2011

These condensed interim consolidated financial statements together with the notes for the half year ending 30 June 2011 were not audited.

1.1 Condensed consolidated income statement on 30 June 2011 and 30 June 2010

2.2 Statement of conformity

These condensed interim consolidated financial statements together with the notes for the half year ending 30 June 2011 were not audited.

The condensed interim consolidated financial statements for the six months ended 30 June 2011 comprise the financial statements of the company and its subsidiaries (hereinafter referred to collectively as the "Group").

The condensed interim consolidated financial statements were prepared in accordance with IAS 34 "Interim Financial Reporting" as adopted by the European Union. These statements do not contain all information necessary for a full financial statement and therefore should be read in conjunction with the consolidated annual financial statements for the period ended 31 December 2010, as published in the 2010 Annual Report to Shareholders.

These condensed interim consolidated financial statements were approved for publication by the Board of Directors on 8 August 2011.

2.3 Seasonality

Seasonality is limited and can vary from year to year depending on market demand. During the annual holiday period (July-August) there is reduced delivery.

2.4 Changes in accounting policies and presentation rules

Compared to the consolidated annual report as of December 31, 2010 the following new Standards and Interpretations now apply. Their adoption had no effect on the Group's financial position and its results:

- Improvements to IFRS (2009-2010) (in general applicable to annual reporting periods commencing on or after 01 January 2011);
- Amendment to IFRS 1 *First Time Adoption of IFRS - Exemption from IFRS 7* (applicable to annual periods beginning on or after 1 July 2010);
- Amendment to IAS 24 *Related Party Disclosures* (applicable to annual periods beginning on or after 1 January 2011). This standard supersedes IAS 24 "Related Party Disclosures" as issued in 2003;
- Amendment to IAS 32 *Financial Instruments: Presentation - Classification of Rights Issues* (applicable to annual periods beginning on or after 1 February 2010);
- IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments* (applicable to annual periods beginning on or after 1 July 2010);
- Amendment of IFRIC 14 / IAS 19 *The Limit on a Defined Benefit Asset. Minimum Funding Requirements and their Interaction – Prepayments of a minimum funding requirement* (applicable for accounting periods beginning on or after 1 January 2011).

2.5 Segment reporting

Following the divesture of the automation activity the group now consists solely of the contract manufacturing activity, with no further segmentation.

2.6 Related party transactions

There are no significant related party transactions.

2.7 Reduction in value on trade receivables

During the first half of 2011, additional provisions amounting to EUR 1.7 million were recorded in respect of client problems from the past (Income statement: Other operating expenses). Although it is not yet certain that the claims against these clients are permanently lost, management believes the solutions presented by these clients in recent months to be insufficient and has therefore recorded a provision in the books in the full amount of the estimated risk. At the end of 2010, only 50 percent of the risk as estimated at the time was recorded. The total amount of the provision at the end of June 2011 therefore amounts to EUR 3.3 million. By recording these additional commissions in 2011, the entire risk of these customers has been charged. Any recovery of these claims will have a positive impact on group earnings.

2.8 Income taxes

The company has won a tax dispute for which a tax provision of EUR 310k was recorded in 2007. The reversal of this provision creates a tax revenue in 2011.

2.9. Conversion of the subordinated loan into shares

Following the publication of the annual results for 2010 at the end of March 2010, all Connect Group bondholders who subscribed to the convertible subordinated loan of EUR 5 million in April 2010, decided to convert their bonds into shares. Consequently, the Connect Group's equity increased by EUR 5 million and its financial debt decreased by EUR 5 million. This conversion resulted in the issuance of 3,355,600 new shares with the same rights as existing shares, bringing the total number of issued shares to 10,290,024. This conversion was carried out on 5 May 2011.

As a result of this conversion the shareholders' structure is as follows:

Shareholder name	Number declared	%
Huub Baren BVBA	2,166,155	21.05 %
QuaeroQ cvba	2,120,781	20.61 %
LRM NV	1,870,786	18.18 %
Luc Switten	426,369	4.14 %
Other below the reporting threshold	3,705,933	36.02 %
Total	10,290,024	100 %

3. Declaration of the responsible persons

The undersigned declare that:

- The condensed financial statements, drawn up in accordance with applicable accounting standards, give a true view of the assets, the financial situation and the results of the issuing company and of those companies included in the consolidation;
- the interim report gives a fair overview of important events and major transactions with related parties having occurred in the first six months of the financial year and their impact on the condensed financial statements, together with a description of the principal risks and uncertainties for the remaining months of the financial year.
